

Justin Domingo (Frontend Developer)

10214 Monarch Dr, Bakersfield, CA / jdomingo122601@gmail.com / 310-561-4843

Summary

Hello, I am Justin and I'm a frontend developer who enjoys writing code/programs with Javascript. I work hard, I work well with others, and I love learning more about software development. I am seeking an entry-level coding position/internship to gain more experience and to improve my skills as a frontend developer.
